P.O. Box 1450  
Alexandria, VA 22313-1450

Docket 050400

**February 25, 2008**

Sir:

This paper is in response to the Office Action dated November 29, 2007. This paper is a petition for an appropriate extension of time, if needed. Please charge any fees needed for such an extension of time, and any other fees which may be due with respect to this paper, to **Deposit Account No. 01-2340**. Consideration is requested of the following Remarks:

**§ 102.** Claims 1-2 are rejected under 35 U.S.C. § 102(b) as being anticipated by Carlo, US 4,958,084. This rejection is respectfully traversed. Claim 1 recites

*1. A vehicle antitheft device ... comprising:*

*an actuator to actuate a predetermined theft preventing function;*

*a supplier to supply an electric current to in-vehicle electric equipment*

*other than the starter, after said collation is completed but before electric current is sent to the starter; and*

*a limiter to limit activation of said predetermined theft preventing function when a current is first supplied to said in-vehicle electric equipment.*
